Living the Good Life?

A Peek into the Fitzgeralds' Pocketbook

For the following questions, compute the answers into today's dollars. Use this figure, factored by an online inflation calculator:

1.00 in 1923 = 23.19 today

1. Get your calculator and figure out how much money, in today's dollars, the couple spent on:

Rent? House liquor and wild parties?

Food? Entertainment, not including above?

Servants? Ice? (Why so much?)

Clothes for Zelda? Plumber? (Why so much?)

Clothes for F. Scott?

Total monthly expenses?

Clothes for their daughter, Scotty?

Charity?

What percentage of their total expenses went to charity?

- 2. What word did Fitzgerald misspell? (Take comfort in knowing that even great writers mess up sometimes.)
- 3. In the space below, write a summary of what you learned about the Fitzgeralds' lifestyle. What sounds good? What sounds bad? What do their purchases say about their priorities? Do you think people today have similar or different priorities? Explain your answers. (So, yes, I'm looking for at least five sentences here. Feel free to continue your answer on the back of this sheet.)

Living the Good Life?

A Peek into the Fitzgeralds' Pocketbook

For the following questions, compute the answers into today's dollars. Use this figure, factored by an online inflation calculator:

1.00 in 1923 = 23.19 today

1. Get your calculator and figure out how much money, in today's dollars, the couple spent on:

Rent? \$6,957 What kind of place could you rent in N.Y. for this amount today? Why were the Fitzgeralds renting, anyway? Discuss.

Food? \$5,217.75 Yes, this is excessive for 3 people, but they were also feeding their staff and entertainming pretty heavily. Be sure students added "lunches" into the food total.

Servants? \$6,841.05 Housekeepers, nannies, drivers, cooks, etc...

Clothes for Zelda? \$2,319 What girl wouldn't want that clothing allowance? Like today's A-listers, Zelda had social pressure to always look stylish.

Clothes for F. Scott? \$765.27 Almost seems reasonable by comparison, no?

Clothes for their daughter, Scotty? \$579.75
For a toddler? Oy vey!

House liquor and wild parties? \$4,174.20
Your students should be freaking out about this. Zelda and F. Scott were notorious alcoholics, but they were also generous hosts.

Entertainment, not including above? \$2,565

Be sure to include everything under this category, from club dues to theater to books/newspapers/flowers. Anything that looks fun goes here.

Ice? (Why so much?) \$197.12
Probably had an ice box instead of a refrigerator and, again, they were hosting lots of parties.

Plumber? (Why so much?) \$313.07 And what happens when people drink too much? Ew.

Total monthly expenses? \$55,563.24

Whoal Fitzgerald was a successful writer, but he wasn't THIS successful. They lived beyond their means, which was a huge stressor for him. Later in life, he tried to write Hollywood screenplays (which he hated) because he was so desperate for money.

Charity? What percentage of their total expenses went to charity?

\$92.76

Just about 1/100th of a percent was given to charity.

Obviously, their priorities were askew.

- 2. What word did Fitzgerald misspell? (Take comfort in knowing that even great writers mess up sometimes.) Miscellaneous (He spelled it two different, both incorrect ways. I like that everyone, including a powerhouse writer like Fitzgerald, needs an editor.)
- 3. In the space below, write a summary of what you learned about the Fitzgeralds' lifestyle. What sounds good? What sounds bad? What do their purchases say about their priorities? Do you think people today have similar or different priorities? Explain your answers. (So, yes, I'm looking for at least five sentences here. Feel free to continue your answer on the back of this sheet.)

Answers will vary.
